PETITION REGARDING OMITTED ITEMS

Sir/Madam:

This is in response to the Notice to File Missing Parts dated June 21, 2004, regarding items allegedly omitted from the application. Applicant hereby petitions that the items in question, Figure(s) 6-8, described in the specification, were not omitted from the application as filed on April 1, 2004, but, through clerical error, the drawings including Figs. 1-8 were erroneously filed in another application being filed simultaneously, application Serial No. 10/816,214. Applicants respectfully request that the drawings currently found in this application be switched with the drawings currently found in application Serial No. 10/816,214.

As evidence of Applicants' intention to file the drawings relating to the instant application, Applicants submit a copy of the Utility Patent Application Transmittal and a copy of the return receipt postcard, stamped as received by the Patent and Trademark Office, which show that drawings were in fact filed in this application on April 1, 2004.
